Sir,

(J)

Reference:- G.O. No. 3510 P.H., dated 4-10-1938.

There are two L.F. Medical Practitioners, working in the Rural Dispensaries in this District - viz: at Albadi and Dharmastala. The Practitioner at Albadi is paid from the funds of the District Board and the other by the - Panchayat Board at Dharmastala from the contribution paid by the District Board. I am not sure whether the form of the agreement prescribed in the Appendix I of the G.O. referred to above, can be made applicable to them, in as much as they receive no payments from Provincial Funds.

2. The Practitioner working at the Rural Dispensary at Albadi is also a stipendiary candidate and an agreement has already been obtained from him, by the Taluk Board, Kasaragod, (now defunct).

3. I request to be informed whether the form of agreement prescribed in Appendix I of the G.O. referred to above, can be made applicable to Medical Practitioners receiving subsidy from Local Bodies and to stipendiary candidates now in employ and receiving L.F.subsidy.

4. In clause 8 of the form of agreement, it is stated that when a Rural Dispensary is shifted to another village the Practitioner in charge of the Rural Dispensary, shall if he is willing, be appointed as a Medical Practitioner incharge of the newly opened Rural Dispensary. I presume that when the services of a Medical Practitioner are terminated by the issue of a three months' notice of discharge, his appointment to a new station has to be considered as a first appointment.

5. In G.O.No.1956 P.H., dated 7-8-1937 Government have permitted to appoint Medical Practitioners incharge of Rural Dispensaries, to act as Medical Officers incharge of regular Dispensaries on the recommendation of the District Medical Officer, ~~South Kanara~~. On account of the orders issued therein, two subsidised Medical Practitioners working at the Rural Dispensaries at Adur and Kota have already commenced their probation for appointment in regular Medical Institutions. In clause 11 of the present form of agreement it has been laid down that the Medical Practitioner can be appointed as a Medical Officer in a regular Dispensary in permanent or non-permanent vacancy on the recommendation of the Surgeon-General. As per the condition now laid down, the Surgeon-General has to be consulted for appointment of Medical Practitioners as Medical Officers in Regular Dispensaries, not only in permanent vacancies but even in temporary leave vacancies.

6. I am of opinion that no such consultation with the Surgeon-General seems to be necessary in the case of Medical Practitioners who have already commenced their probation for appointment in regular institutions as their reappointment are governed by the Establishment Rules issued by Government. Such appointments, I think can be done in consultation with the District Medical Officer.

I request that the Government may be pleased to issue necessary instructions on the points raised above.

W Heddle

PRESIDENT,
District Board, South Kanara.
